The 2014 annual meetings of the Board of the Governors of the World Bank (WB) Group and the International Monetary Fund (IMF) was held in Washington DC on October 10-12, 2014. Addressing the meeting, Hon. Finance Minister and the Governor of the World Bank Group for Nepal Dr. Ram Sharan Mahat expressed gratitude to the WB Group and the IMF for their continued support in Nepal's efforts for socio-economic development.

Hon. Dr. Mahat reaffirming Nepal's commitment to the twin goals of the WB Group (end extreme poverty and promote shared prosperity), emphasized that the process for rapid progress requires a strong 'developmental state' that can carry the growth agenda. He also welcomed the Bank's renewed emphasis on global public goods. Appreciating the assistance of WB Group in economic growth, poverty reduction, connecting hinterlands and introducing new ideas, Dr. Mahat invited the WB Group to support

## Message from the Chief Editor

A Nepali delegation led by Hon. Finance Minister Dr. Ram Sharan Mahat attended The World Bank-IMF Annual Meetings 2014 in Washington DC. The World Bank Group is the largest multilateral development partner for Nepal supporting to end extreme poverty, boost shared prosperity, and achieve sustainable development results. The Bank is extending supports to the development programs in building physical infrastructure and improving social capital. Besides, these programs are consistent with the Government of Nepal's Thirteenth Plan, assisting Nepal for LDC graduation by 2022. There is no doubt on the fact that the Government of Nepal needs more external resources to achieve overarching goal to build a peaceful, prosperous and just Nepal.

As a member of the World Bank Group, Nepal has been regularly attending the Annual Meetings. The Government of Nepal (GoN) is committed to implement the economic reform programs to expedite the economic development in the country. Increased debt repayment capability of Nepal is undoubtedly a matter of pride. However, unique context of Nepal shaped by its long journey from transition to transformation demands more favourable assistance than ever before. Moreover, to institutionalize the gains of a young republic, Nepal is striving to conclude the peace process by finalizing a new constitution by early next year. Taking these reality into consideration Hon. Finance Minister urged the Bank to continue its grant funding to Nepal while addressing the annual meeting.

The Annual Meetings provided opportunities to the Nepali delegation to voice in favour of the poor and least developed countries and also share bilateral issues with the relevant high level officials of the Bank as well as the US government. During the meetings, Hon. Minister also spoke as a panelist in the renewable energy forum and urged the Bank to increase its portfolio for mega projects in the hydropower sector.

Given the transitional nature of Nepal's current situation – with a new constitution being drafted, the investment climate has been improved amid the formation of relatively stable government following the second Constituent Assembly. Further a more favourable environment for investment has been created following the power trading agreement (PTA) between Nepal and India and the project development agreement (PDA) of upper Karnali hydropower project. At this backdrop, Ministry of Finance is expecting more investment from our development partners utilizing better investment opportunity in prioritized sectors. Nepal's participation in the 2014 joint Annual Meetings of the World Bank and IMF has remained productive. We look forward for extended cooperation with these institutions as well as with the global community.

Thank You !

## Local Donors Meeting Held

Local Donors Meeting - a mechanism for regular dialogue between development partners and the government – was held at the Ministry of Finance on 5 September 2014 as a post-budget consultation with development partners. The meeting was kicked off with welcome remarks by Joint Secretary Mr. Madhu Kumar Marasini and opening address by Hon. Finance Minister Dr. Mahat. Finance Secretary Mr. Suman Prasad Sharma presented current economic scenario and status of budget.

Dr. Yubaraj Khatiwada, Governor, Nepal Rastra Bank and Hon. Vice Chairman of National Planning Commission Dr. Govinda Pokhrel have also made their remarks.

Delivering his remarks, Hon. Finance Minister Dr. Mahat gave a snapshot of the current macroeconomic situation, which portrayed a combination of economic challenges and strengths. Strengths as Hon. Minister articulated were around positive scenario in terms of economic growth, inflation, balance of payment and foreign exchange reserves. Despite these strengths, Hon. Minister enunciated the challenge of achieving higher growth rate at around 8 percent per annum, particularly in the face of Nepal's determination to graduate from the status of Least Developed Country by the year 2022. This was further aggravated by other challenges, such as, low investment, high liquidity, slower implementation of the projects, trade deficit, high cost of capital formation, low capital spending and high recurrent spending. To overcome these challenges and place the economy into a smooth growth trajectory, Hon. Minister informed the development partners of necessary ground work for a second tier reform through reengineering institutional, policy, and legal framework that Nepal has already started.

Hon. Minister expressed happiness to note the results that Nepal has already achieved in social indicators such as in longevity, average literacy, maternal mortality and infant mortality, among others. Observing infrastructure gap and policy barriers as major bottlenecks to growth, Nepal's policy and priority for current year would focus on attracting investment to accelerate economic growth, particularly through investment in physical infrastructure development. Sectors like hydropower development including construction of transmission lines, expansion of road connectivity, improving rural infrastructure, agriculture development, and tourism sector would be priority sectors. Having said this, Hon. Minister also

focused on social sectors including education, health, drinking water, and human development as being the foundations of democracy. Hon. Minister also highlighted on the need of a transparent and tangible cooperation that helps build a self-sustaining financial and institutional base to meet ever increasing demand of Nepal's development financing. New policies and programs will be focused on creating an environment conducive to welcoming more investments, including attracting FDI.

Finance Secretary Mr. Suman Prasad Sharma, during his presentation, further elaborated on the current strengths and challenges facing Nepal. He communicated to the development partners the tentative framework of major priorities, policies and programs that the government was preparing. Dr. Yubaraj Khatiwada, Governor, Nepal Rastra Bank informed about adequate fiscal space, monetary space and financial space supported by increasing revenue, comfortable reserves and financial position, respectively.

Appreciating the second wave policy reforms initiated from Government of Nepal, the comments and suggestions from development partners revolved around modernizing agriculture, education for all national action plan, inclusion agenda, human capital, implementation challenges, partnering with private sector, procurement act, and clarification of some of the development cooperation policy issues and so on.

Hon. Finance Minister while responding the comments and suggestions from the development partners assured that the government was open for strategic dialogue for development issues. Clarifying some provisions of development cooperation policy, Hon. Minister emphasized on transparent, responsible and accountable aid and further highlighted the need to reach mutual consensus. He also asked assistance from the development partners to rehabilitate the replaced families from Sindhupalchok flood victims.

## New EU-Nepal Cooperation Programme 2014-2020 Launched

During the first ever top level EU visit to Kathmandu, European Commissioner for Development, Andris Piebalgs, and the Hon'ble Finance Minister of Nepal, Dr. Ram Sharan Mahat, officially launched the new EU-Nepal Cooperation Programme 2014-2020 in a program organized at the Ministry of Finance on 19 October 2014. The cooperation programme was signed by Finance Secretary Mr. Suman Prasad Sharma and EU Ambassador HE Ms. Rensje Teerink.

In the launching ceremony, the Commissioner Piebalgs appreciated the peaceful democratic transition of Nepal and also announced to triple the current aid provided by EU to Nepal. Similarly, Hon'ble Dr. Mahat stated that despite the difficulties Nepal achieved significant progress in reducing poverty for better livelihoods of Nepalese people. He further added that Nepal was keen to jointly implement concrete actions with its European friends.

Bank, to be headquartered in Beijing, is expected to come into operation by the end of 2015 and will help bridge funding gap in developing countries of Asia. Mr. Jin Liqun, who was also the former Vice-President of the Asian Development Bank, has been appointed as the Secretary General of AIIB.

At the signing ceremony, Chinese President Xi Jinping stressed that the bank would make available resources in an easier way for the infrastructure sector in the Asian region. During a separate meeting with the delegates, Xi also assured that the Bank would play a strong role to bridge the financing gap in infrastructure. The MoU states that the authorized capital of AIIB will be USD 100 billion and the initial subscribed capital

is expected to be around USD 50 billion. The paid-in ratio will be 20 per cent. Voting rights are to be decided after consultations among the members over fixing the bench marks which were expected to be combination of GDP and Purchasing Power Parity (PPP). Based on this formula, it appears that China will be the first and India will be the second largest share holder of the bank.

On behalf of Government of Nepal, Hon'ble Finance Minister Dr. Ram Sharan Mahat signed the MoU at a special ceremony held at the Great Hall of the People. Mr. Madhu Kumar Marasini, Chief of International Economic Cooperation Coordination Division (IECCD) was also present on the occasion.

## Japan Extends Support to SSRP

The Government of Japan has agreed to provide a grant assistance of Japanese Yen 300 million (approximately NRs 272.7 million) to the Government of Nepal for the implementation of School Sector Reform Program (SSRP) extension plan.

SSRP has been implemented in Nepal since 2009 in form of programmatic support with its objective of improving literacy for all in general and deprived in particular and ensuring free and compulsory basic education as well as quality of education. This program was supposed to end by 2013/14 in term of fund availability. Considering the relevancy of programme objectives; target and implementation strategies, Government of Nepal has decided to extend this project implementation period for another

two years with pre-stated goal and strategies as they were manifested in previous SSRP main document.

The Exchange of Note was signed by Mr. Suman Prasad Sharma, Secretary, Ministry of Finance and H.E. Mr. Masashi Ogawa, Ambassador Extraordinary and Plenipotentiary of Japan to Nepal, on behalf of their respective Governments on 23 September 2014 at Ministry of Finance.
